Changes at Hollins amidst traditions make for a college with deep rooted values that keeps up with the times. Hollins has come a long way since 1842, when it started with only a few buildings and a handful of students. We continue to flourish with one eye on the world and its problems, and one on the student and her needs.

SENIOR LINEDANCE

Chris Pierson, Candice Upson, Beth Lyons and Jill Thomas are looking their best during skits on Tinker beach.

Close friends pose for a quick pic before the long haul up the mountain.

Dating back into the 1880's, the tradition of climbing Tinker Mountain has changed relatively little. There were two Tinker Day "holidays" back in the late nineteenth century, one in the fall and another in the spring. It was at that time when the "holiday" was only celebrated on Saturdays. Early generations of "Hollins girls climbed the mountain, wearing hats, long skirts, and high-laced shoes."

In 1895 the tradition became official and a certain date was set aside in October. However, it was not until 1899 that Mr. Cocke decided not to reveal the date of Tinker Day.

Around 1940 the advice of wearing "shorts or painter-farmer's pants" came into being. As more spirit continued to be infused in the Tinker Day tradition, students dressed in stranger and stranger outfits. It is not surprising nowadays to find students outfitted in blue wigs, outrageous hats, mis-matched shorts and shirts.

Thirteen chimes of the Chapel bells ... Krispy Kreme doughnuts ... Breakfast in your nightgown, with your animal slippers leading the way ... No classes ... Blue wigs ... Pink wigs ... Huge hats with feathers ... People whom you thought you knew dressed as never before (or after) ... A looong hike — uphill ... Friends ... Laughing ... Tinker Cake ... Sliding back down the mountain ... Skits ... Exhaustion ...

Students awoke at 7 am on October 8, 1987, to hear the Chapel bells ring thirteen times. After Tinker Day scares by the Seniors, Tinker Day was finally here!

Students congregated in front of Main after changing into their widely varied costumes. It was not unusual to see blue, green, and pink wigs, as well as ballet tutus and other mis-matched clothing. President Brownlee appeared on the steps of Main in her Tinker Day sweater and officially declared it Tinker Day. A cheer rippled through the crowd as students made their way to the base of Tinker mountain, where their long hike began.

Once on the mountain, students enjoyed the songs sung by each class, and tears were not uncommon as the seniors sang their final song from the Senior Rock.

All in all, the day was an exciting but an exhausting one to look forward to for another 365(?) days.

— Rebecca Davis

Head 'Em Up

The R.A.s went through extensive training during the week before Opening Day.

On September 6, 1987, the campus was filled with even more activity than usual: R.A.s were putting last minute touches on their halls. Group Leaders were waiting anxiously in the GDR, and the "Movers and Shakers" were ready to start moving and shaking.

Then it finally happened: the car neared the gates, laden with overflowing suitcases, boxes, and stuffed animals. Various members of SGA and a security guard greeted the new student to Hollins. At last the new year had begun!

However, the arrival of the new students was merely the beginning. There were still three days of Orientation left to go, and Orientation Chair Mary Royall had left no minutes unfilled. New students met up with their Group Leaders and fellow "groupees" and began their new lives at Hollins.

*After a picnic dinner with their Group Leaders, the new students went back to their respective rooms and attended hall meetings where they had the opportunity to get to know their R.A.s and fellow hall-mates.

Group Leaders anxiously awaited the arrival of the new students.

Fall Weekend

The weekend of November 6-8 was one to cut loose to The Press, The Deal, and the Granteurs. It was a weekend to dance, party with friends and meet new people. The theme of Saturday night was Treasure Island. After much controversy in Senate over the definition of Black Tie Optional and which night would be formal, it seemed that most everyone who attended thoroughly enjoyed themselves. Hats off to Cathy Woodward who made the weekend a special one for many Hollins girls!

Parents Reunited With Students

Months of organizing, planning, and preparing describe the dedication that the Dean of Students, Julie Keehner and her eight student representatives put forth to ensure that the 1987 Parents Weekend would be a success. The events were well attended, with over 600 guests participating in the campus activities. Many parents travelled great distances to be reunited with their daughters.

Parents arrived on Friday, although the main festivities began Saturday morning with a "reception on the lawn." Other activities included the groundbreaking for the new gymnasium, and mini classes. Julie Keehner commented: "The classes were well-received; there was an average of fifteen parents per class. The classes provide a nice opportunity for parents and faculty to interact."

Other activities included the President's reception, and a dance in Moody Center, with music by the John McClennon Big Band, as well as a Chapel service on Sunday morning with Reverend Jan Fuller Carruthers.

PIZZA LOVERS UNITE!

What was unusual about the night of September 22, 1987? Domino's pizza was free!!! At 9:00 p.m. members of the four classes gathered in the Rathskellar for the pizza party of the year. "We were like animals," observed Heather Giles, a freshman attending the event. Luckily, Domino's pizza kept the group happy with 120 boxes of piping hot pizza which had to be delivered in three loads. The amount of pizza seemed to be overwhelming to many, including Shannon Hughes, who commented that, "There was so much pizza . . . it just kept coming!" The festivities, which included door prizes, were sponsored by all of the classes and were arranged in order to provide a setting in which the Freshmen could become more familiar with the other three classes. The party proved to be a success as the amount of friends that were gained surpassed the number of pounds that were gained!! — Lee Van Buiten

Ring Night: Nightmare Or Dream?

Whatever in the world would possess a college Junior, a member of the world of higher education, a respected individual, to place her pride and reputation on the line, and in the hands of a well-meaning but exceptionally mischievous college Senior? Her class ring, of course!!

On October 21, 1987, members of the Junior class began receiving odd and anonymous messages, from mysterious phone calls, and flower delivery cards, to notes on unsuspecting message boards.

October 22, 1987, brought with it more messages and those same Juniors to the heights of panic, with "Where do I find a snout for my 'Three Little Pigs' costume?" and "Just because I dress as Popeye, does that mean I *have* to eat spinach at every meal — even breakfast?" and "I have to do *what* in the middle of the Kroger meat department!?"

Juniors rushed to frantically touch up songs, skits, costumes, and the "gifts of appeasement" requested by their Senior ring sisters.

Finally, on Friday, October 23, 1987, Ring Night culminated with a day of traditional Hollins shenanigans. At noon in the cafeteria, prime lunch time, Juniors provided the entertainment for their ring sisters as well as anyone else who cared to share in the festivities.

Entertainment included the Monopoly pieces singing "Money Makes the World Go Round" and an old Bay City Rollers song, "Saturday Night" was performed by none other than the Saturday Night Live crew. Dinner brought skits, such as the singing of "Stop Using Sex as a Weapon" by the "Women of the '80s" group, and real live Hollins version of the Miss America Pageant.

As the evening continued along, with a fabulous party hosted by the Class of 1988, Juniors began to find their final clues, and realized the identity of their Ring Sisters. With the toasting of champagne glasses, the cries of excitement, and hugs of happiness, Juniors and Seniors together shared another two Hollins traditions, that have maintained even in this changing world: Ring Night and Sisterhood.

Students look through posters to purchase for decorating their rooms.

Sales at Hollins are a vital part of our community. Many merchants come to Hollins to sell their goods on campus. These merchants provide to Hollins students a wide variety of merchandise. Assorted sales occur at Hollins from the Poster and Plant sales in the fall to the Christmas bazaar. In the past Hollins students were allowed to "charge home" many of these items, but the college is curbing that privilege, as it is a great deal of paper work.

Pillow cases, T-Shirts; anything goes at the Christmas Bazaar!

Hollins Holiday

In The Spirit Of Things

Christmas at Hollins is always a festive time with special events including Christmas Tea, given by the Dean of Students Staff, Christmas Dinner, the wonderful feast Mr. Wrobel provides us, and faculty Christmas caroling, when the faculty walk to each residence hall and sing Christmas carols to students in their pajamas. The campus is fully decorated in greenery from the wreaths on the front of Main to the lightpoles all over campus wrapped with greenery topped with red bows! Christmas lights blink from room windows on front quad, some multi-colored, some white, but all in the holiday spirit! It always seems to snow at least once just to get everyone in the mood. The Christmas Bazaar provides the students with unique presents for their family and friends at home. Merchants from the area come in to sell their goods, many handcrafted or imported. Secret Santas organized in the residence halls add the mystery of Christmas that every Hollins girl misses being away from home.

Kay Johnson talks to Lizz Moran and Mallory McKay at Christmas Tea while serving punch.

The faculty gather in Main to carol to students on the steps in the front hall.

Student Gov't. Assoc.

Student Government Association this year consisted of the following people in the following jobs: Sarah Achenbach, Pres.; Debbie Rushton, V-Pres.; Melissa Claydon, Sec.; Amy Gilbert, Treas.; Rebecca Hudson, General Speakers Fund; Francine Hill, RLA; Mary Royall, Orientation; Becky Boone, Columns Editor; Shore Griffin, Spinster Editor; Caroline Nolan, Campus Life; Meg Joyner, Honor Court; Laura Smith, Abroad Correspondent; Cathy Woodward, Campus Activities; Pam Kauffman, Extra-Curricular; Meagher Lee, Communications; Donna Twoey, Academic Policy; Catherine Miller, Sophomore Class Pres.; Lyle Hagan, Junior Class Pres.; Kristi Mathus, Senior Class Pres.

This year's SGA started out with a great training session and numerous strong goals, of which many were attained. The group was a great one, and worked well together, supporting each other, and helping each other in any way that they could. They raised money for the Swain House, held Midnight Madness study breaks, and got next year's SGA elected all while governing their own interests. Cathy Woodward brought us many more activities on campus, and worked closely with Pam Kauffman, who got Til Tuesday off with a Bang! Amy Gilbert balanced the books so that every club was straight when it began. Caroline Nolan pushed the Male Visitation proposal through with the help of the Dean of Students. Shore Griffin edited the yearbook, and Debbie Rushton got Senate organized, and polished it up a bit! A great deal happened this year thanks to Hollins SGA, and it is only hoped that this enthusiasm will grow in the coming years. Thanks, SGA!

R

elaxation (re lak sa shen) n. 1. The act of relaxing or state of being relaxed. 2. Recreation. 3. The lengthening of inactive muscle or muscle fibers. 4. The state of recovering from a week of rigorous studying. An activity that Hollins women have down to a science. This can be done in a number of places; the Rat, a rocker on the front porch of Main, a towel on Tinker Beach, just to name a few. No experience required; one must only be exhausted from a hard week.

Enjoying themselves in the Rat. Hollins girls participate in a mixer put on by Extra-Curricular.

For an all women's college, Hollins certainly had the men. Graduate students were in some classes with underclassmen and provided more views on a variety of subjects. Our versatile campus activities calendar of events also brought the men to campus from near and far for parties, lectures, concerts and more.

Kim Rice and her date enjoy themselves at Cotillion.

The new male visitation proposal was passed for the 1988-89 year giving the Hollins campus three levels of visitation from which to choose: Level 1) only visiting during certain hours and no overnights at all; Level 2) having visitation at certain hours like level 1, and overnights on special weekends; Level 3; open male visitation. Hollins students have been pushing for the male visitation proposal so that they can live by the rules and govern themselves.

Founder's Day

At Hollins' 91st Annual Founder's Day celebration, the class of 1988 joined on the front steps of Moody to make their journey to the grave of Charles Lewis Cocke, led by class president Kristi Mathus and faculty representative Virginia Thomas. At the Founder's Day service held in the chapel, Alvord Beardslee spoke to the Cocke family, the Senior Class, and others about the Hollins family, freedom of speech and thought, and the rights to exercise them.

Kristi, at the grave of Charles Lewis Cocke, tells a bit of the history of Hollins.

As you step upon the stage and advance to your work, go with a fixed aim and high purpose to do your part, whatever it may be, in this onward march of all the nations and all the ages" — Charles L. Cocke

100th Night

100th Night — Traditionally one hundred nights before graduation, but now held as close to that as possible. Dress: costume preferred, come as your roommates' fantasy. There are skits, songs, lots to eat and drink, and a great time. Juniors serve the seniors. The Senior Class slide show, put together from senior photos taken over four years is shown for the first time, bringing streams of tears and peals of laughter. It is an emotional occasion as seniors draw closer and closer to graduation.

Cotillion '88

1988 Cotillion had for its theme Kaleidoscope and the bands were Wild Kingdom, The Kings of Swing, and Indecision. Many people went to Foxfield on Saturday and spent the day in Charlottesville and came back for dinner and the dance Saturday night. Cathy Woodward and her committee explained the definition of Black Tie Optional at the Senate meetings prior to the dance so there would be no misunderstandings about dress options. Thanks to her and her committee everyone had a good time.

Graduating with the class of 1988!! Closely knit by our four years spent together in the very special place known as Hollins College, the class of 1988 looked toward graduation with anticipation, excitement, and sadness. What would we do without our Hollins family, all the support it gave, and friendships it fostered? We had learned so much, but where had the time gone? We were looking forward now, to graduate schools, jobs, training programs, marriage, and life on our own. Some had plans carefully laid out, others remained unsure of their future, but all were concentrating on the here and now, graduation. Sarah Achenbach spoke beautifully of the feelings about the future we all shared. Elizabeth Forsythe Hailey recalled her own years at Hollins and invited us to individualize ourselves, but remember our common link, Hollins. Joyce Dabezies personified strength and courage as she rose to accept her diploma after being diagnosed as having leukemia in the fall of her senior year, and working to graduate with her class this spring. We were all so proud of her, ourselves and our family. Here we were, graduating, the class of 1988!

Quotes following were submitted by students and a few were thrown in by the Editor. All are in some way reminders of Hollins, what it means to us, the friends we made there and the memories we have.

"Woman is like a teabag — you can't tell how strong she is until you put her in hot water." — Nancy Reagan

"What are you wearing?"

"Hey Darlin, What's Up?" — L. Sullivan

"I haven't forgotten, and you haven't forgotten, Let's forget together someday. — These days I remain." — R.E.M.

"Thesis? What Thesis?"

"Dudes, They're not as rare as you think!"

"We're all in this together — by ourselves." — Lily Tomlin

"Education is what survives when what has been learnt has been forgotten."

— B.F. Skinner

"A great many people think they are thinking when they are merely rearranging their prejudices."

— William James

"Nobody can make you feel inferior without your consent" — Eleanor Roosevelt

"Can I charge it home?"

"It's just a Lust Crush!"

"That's Sassy!" — Jody Simpson

"Better to have done and failed than to have never done at all."

"VMI — entering a sea of blue"

Gentleman. It's a wonderful place to visit if you can catch the right train.

Just think: If you'd been here when all of this was created — If you'd seen the lava flowing and the mountains pushing up — you would have thought that the end of the world had come. But really it was just the beginning.

— Eric Redman

"Minds are like parachutes, they only function when they are open."

— Sir James Dewar

"Life is like a game of cards. The hand that is dealt you represents determinism. The way you play it is free will." — Jawaharlal Nehru

"Lloyds at two."

"I'm in LOVE!" — K. Neill

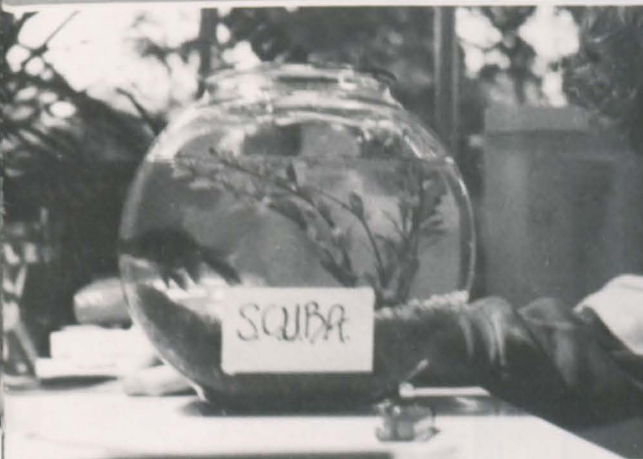

"I'm Stressing!"

"Someday we are going to be lovers, maybe married, but at the very least an affair . . . What's your name?"

"Make haste slowly." — Suetonius

VIII
Sometime in distant years when we are grown
Gray-haired and old, whatever be out lot,
We shall desire to see again the spot
Which, whatsoever we have been or done
Or to what distant lands we may have gone,
Through all the years will ne'er have been forgot.

Any Questions? Comments?

“ Ready and waiting when you arrive to Hollins as a freshman, Group Leaders have all the answers to your questions, and all the solutions to your problems. Acting as “Big Sisters” your group leader will introduce you to upperclassmen, her friends’ groupies, and any faculty she can. She is one of the many links to the rest of the Hollins community. Meeting with you and the other freshmen in your group every morning for breakfast, she is there to help you pick your classes, and meet with your advisor. She will remain a friend throughout your years at Hollins, and a constant companion and source of support whenever you need her. ”

Hollins Publishes!

Grapheon

“Grapheon, Hollins literary society, serves to encourage artistic endeavors on campus, specifically in the area of creative writing. Each year Grapheon sponsors two student readings a month, giving Hollins undergraduate and graduate students an opportunity to share their work.”

— Heather Davis,
Co-president

S. Sen, H. Cain, K. Shaw, S. Achenbach,
H. Davis, W. Morris, M. Sites.

Cargoes

“Cargoes, Hollins' literary magazine, is published in the spring for the annual literary festival, and includes poetry, short stories, and artwork by Hollins undergraduate and graduate students. Every Hollins student receives a free copy of the approximately seventy-page magazine.”

— Heather Davis, co-editor

H. Davis, K. Shaw

The Spinster

On The Go From Day One!

“The Spinster Staff — What a wonderfully dedicated group of people. After bugging all the clubs presidents, the coaches, the class presidents, and the faculty, we got most of the information we needed. Debbie Stafford headed the People Section with mighty success and Deborah Tompkins and Erlin Webb kept the clubs afloat. We accomplished a great deal, learned a great deal, and enjoyed ourselves between late night Hardee's runs and early morning Federal Express runs. Few can truly appreciate what it means to put a yearbook together. Hats off to them all!”

Religious Life

Association

“The Religious Life Association represents the whole student body in their varying stages of faith development and questioning. It is also a very strong service organization.”

Along with sponsoring the The White Gift Service, Thanksgiving Baskets, the Golden Rule Dinner and Clean Plate Day, RLA offers a variety of programs, including speakers, movies, nature hikes, book studies and social activities. These activities are sponsored by the Wed. Night Chapel and ARK co-coordinators.”

— Francine Hill, RLA President

Sophomore

Class Officers

“The class of 1990 started off the year with a class dinner at Swain Cottage featuring barbeque ribs. We bid “bon voyage” to our friends heading to Paris with a pizza party in December. Second semester we sold cups to benefit Swaine Cottage, and sponsored a camp wide game day. Although we lost many members of our class to Paris Abroad, we achieved a new level of unity among ourselves and enjoyed our sophomore year together.”

— Karen Barnes

“The class of 1989 enjoyed our junior year no matter where we were. We spread out to London, Paris, Spain and a few of us spent a semester on a boat!! Second semester found most of us back together where we discovered strength in numbers. We are looking forward to being seniors, but hate to see another year go by all too quickly. — Lyle Hagan, Pres.”

Freshman Class

Class Of '91!

“The Freshman Class started off the year with a fundraiser selling huggers. We did many things to bring the class together such as having dinner parties in the Rat and socials in the dorms. Not only did we get to know each other, but we also became closer to our sister class, the Juniors, through special activities. And, of course, we enjoyed meeting guys at other schools.”

We will always remember our Freshman year, not only because of the excellent educational experience but also as a beginning to wonderful memories and friendships that will last a lifetime! ”

Green Key Hostesses

Come Stay With Them.

“This year Hollins' Green Keys hosted a record number of prospective students during our three overnight programs. The hostesses are chosen for their involvement in Hollins, their friendliness, and their enthusiasm. Many thanks to those girls who helped the Admissions office this year.”

— Amber Dahlgreen

H.O.P.E.

Get Educated!

“Hollins Outlook On Political Education was started in 1986. It is an educational club where students feel free to voice concerns and ask questions on various political, social or economic issues. Events H.O.P.E. has sponsored include: Congressional and student/faculty debates, talks on terrorism, discussions on the Robert Bork and Iran-Contra hearings, the Miranda decision and a student presentation on Greenpeace. H.O.P.E. is a non-partisan organization and is open to all students and faculty.”

Kathilynn Smith, Kristi Mathus, Tris Berryman

“The year 1988 was busy with writing resumes, interviewing, applying to graduate school, and continuing Senior traditions — we presented juniors with their class rings, laid the wreath on Charles Lewis Cocke's gravesite and acted out our roommate's fantasy 100 nights before commencement. Our freshman year at Hollins brought us all together, and our experiences here will keep us all together long after we graduate, through memories of wonderful times and special friendships.”

“If there was one phrase to describe the 1987-88 SGA, this was it — “It’s for the Swain House!”. SGA embraced the Swain House project initiated by the 1986-87 SGA and raised funds through T-shirt sales, a Bahamas raffle, and Swain House giving societies. Besides a year of fund raising, SGA was involved with a new student discipline system, continual changes, and faculty-student relations. Keeping with the times, SGA also updated the fall and spring elections by using computerized ballots.

— Sarah Achenbach

Resident Assistants

A Helping Hand . . .

“1987-88 saw many changes in the residence life program at Hollins. The most important overall change was the decision to make the Resident Assistant position more proactive. In order to implement that decision several specific changes were made. First, discipline was added to the job responsibilities, the rationale being that if R.A.’s were to serve as community builders they need to be involved in setting and upholding community standards. The system has been much more responsive and educational in nature. The second change in the R.A. position was to emphasize programming as a major component of the job. Programming is one of the most effective tools in a developing community, helping people to meet each other, learn new skills and information, and making the residence hall environment an enjoyable one.

Other changes in the residence life program included a new special interest housing area — The Near East Fine Arts Section (NEFA).

Campus Life Committee

General Speakers Fund

“The Campus Life Committee is a student body whose primary function is to handle infractions of all campus and housing policies. In addition, this committee strives to create the best living environment possible for Hollins students. This year the committee has completed a new Male Visitation Proposal, and will be conducting studies on effective housing for this proposal, as well as researching the possibility of installing micro-wave ovens in all residence halls for the 1988-89 academic year.”

— Caroline Nolan, Chair

“The General Speakers Fund strives to bring speakers of note and diversity to the campus each year. We were very fortunate to have Jack Anderson, the Pulitzer-Prize winning journalist deliver such a moving presentation on November 3, and experience James Meridith during Black History Month. The innovative John Roarke entertained us with impressions of Pres. Reagan and other celebrities, while Dr. Mary Murphree, a Hollins alumna, ended the series with a discussion of the challenges and strategies of today's job market. The Fund is also devoted to helping with the speakers and entertainment sponsored by other organizations, in hopes of increasing the education and understanding of the students and members of the Hollins College community.”

Honor Court

Thou Shalt Not . .

“The student-elected, nine member Honor Court decides issues of academic honesty and integrity, the violations of which fall under the categories of lying, cheating, and stealing. The Honor Court, although a judicial body, is an educationally based body, keeping the students informed of infractions and ways to avoid them.”

POLITICS

Let's Get Educated!

Peace Coalition

“ The Hollins Peace Coalition is a conscious awareness group that uses their meetings as a planning session and forum. The members become better educated and prepared to inform the community on various local and world-wide issues. Through guest speakers, marches, festivals, and personal word, we strive to reach the community at large. ”

College Republicans

Looking To '88

“ The highlight for Hollins College Republicans was the annual statewide convention which was held in February. Approximately four hundred students from College Republican clubs across Virginia participated. Other highlights include the re-election campaign victory of Steve Agee, member of the House of Delegates, and other local candidates; the Annual Issues Conference held in November in Williamsburg; and the election of the Hollins chairman to the position of Treasurer of the College Republican Federation of Virginia. ”

SPORTS

Field Hockey

A Class Act

The 1987 hockey team really pulled together to form a strong building year. The team was mostly made up of a whopping 20 freshmen and six returning players. Coach Kissy McCrory and captains Anne Land and Alison Tainter were amazed by all the new talent and energy these young women brought to Hollins. The 1987 season gave Hollins an encouraging outlook for a super field hockey team in the future.

The only victory was over Mary Baldwin College, but the other games were very close, and no team ever walked away without saying that the Hollins women were an easy defeat or that the game was a piece of cake. The most frustrating part of our season was that we just could not get the ball across the goal line to score. With every close call, the team would get even more frustrated.

1987 was definitely a growing year for Hollins hockey. With many talented Freshmen, Hollins is sure to have a strong team in the future that will see more victories.

The 1987 soccer season got off to a slow start, but it ended in a strong way. Rand Bowden was the new coach. Not only was Coach Bowden new to the team, but it was also his first season to coach a women's soccer team. After the teammates warmed up to each other and the coach easily adjusted to his new environment, things were alive and kicking for his Hollins team. This year's soccer team greatly surprised other teams because of their marked improvement during the season. At the end of the season, the team made it to the ODAC tournament. They played the first ranked Washington & Lee team to whom they lost. However, in a consolation game they beat Randolph Macon Woman's College.

Tennis

The 1987 Hollins fall tennis team enjoyed early success during their fall season with an overall strong record of 4-1. Their only loss was to the young Washington & Lee with a final score of 2-7. As the team got underway, they displayed both strength and more confidence of themselves to get it together and play as a whole.

A strong asset to the tennis team was the outstanding leader, Amy Morgan, who also plans to play during the spring tennis season. The fall season lineup consisted of Senior Amy Morgan; Junior Abby Lovell; Sophomores Leslie Wheeler and Susan Twitmyer and Shana Boyd; and Freshmen Julie Gladstone, Kessler Burnett, Julie Jarrard, Pam Sarwi, and Sally Tylton. Coach Carol Goodwill comments on her team, "With the help of our returning players, including the ones abroad, and our upcoming freshman we are definitely capable of being one of the best teams in the ODAC."

Volleyball

Hollins' Spikers

Melissa Clayton sets the ball as the team warms up before a game.

Coached by Carol Goodwill, the 1987 Volleyball Team played a fantastic season. Many talented Freshmen contributed their skills to the team. The season began slowly interrupted by many injuries. However, once the Hollins Spikers began, they couldn't be stopped. For the first time in five years, the Volleyball Team made it to the first round of the ODAC tournament. They played and lost, but their team will be even more prepared for next year. Not only was the tournament exciting for the players, but also for Coach Carol Goodwill, because it was her first tournament since she began coaching volleyball. The team looks forward to next year when they will definitely be a team to be recognized.

Riding

The Hollins College Riding Team started off the Fall Season with the Old Dominion Athletic Conference Hunter Trials. At these shows, four riders, are chosen to represent the Hollins Riding Team and the team whose riders accumulate the most points is awarded High Point College of the show. The first show of the season was held at Sweet Briar College where the Hollins Riding Team placed third. At the next show which was held at Lynchburg College Hollins was in top form and came home with the honors of High Point College. Individually Brooke Bruder was the High Point Rider.

After the O.D.A.C. Shows, Hollins geared up for the intercollegiate shows. At these shows the team that has the most combined points from seven riders is the High Point College for that particular show. For the fall season Hollins was High Point College at Virginia Tech and did very well at the other shows. Individually Gwyn Ford was the reserve High Point Rider at Radford and Heide Bossow was the High Point Rider at Southern Seminary and Hollins. At Virginia Tech Cindy Fuller was the High Point Rider and Heide Bossow was the Reserve High Point Rider. Overall we had a very successful season thanks to Nancy Peterson, Liz Courter and Elise Roschen.

The Swim Team was in great shape this year although many of the members graduated last spring. Kristen Austin lead the pack as the swim team strongly represented Hollins. As always, they proved a tough match for their opponents, and sometimes won. The Diving Team was young, as most of the members graduated, but Hollins looks forward to a strong team next year, after some more training. Way to go, Hollins!

Looking Back . . .

Those special weekends.

Sarah Achenbach, Shore Griffin, and Melissa Claydon immortalize themselves as raisins of the 80's

Seniors wear their robes for the last time until graduation.

The gym is moving along!

A last look at the '88 rock!

In the summer of 1987 I began to organize and plan, formulating themes, graphics and copy styles. I had decided that if there remained a lack of interest in the yearbook that I would do the whole thing myself. It was not one of my brightest ideas, but I remained steadfast and swore that I would do it if I had to. I had my dedicated photography editor, Caroline Nolan, and I was set.

An amazing amount of interest was spurred before the activities fair, where a record fifty-eight signed up to make my dream come true . . . the yearbook would be beautiful, and I wouldn't have to do it all myself. Rebecca Davis, Debbie Stafford, Ann Holden and Whitney Pund were to guide the Student Life, People, Sports and Clubs sections, respectively. Together we built a knowledgeable staff with layout workshops and copy sessions. Everyone learned quickly and we were on our way.

Briefly I would like to thank a number of people . . . the first being Caroline Nolan, without whom I could not have survived the last two years at Hollins, thanks for making it worthwhile. Mr. White, your advice was fabulous, as were your ideas. May you remain active in the Spinster's best interest. Sky, thanks for the numerous tips, solving the faculty crisis, and the summer support. May you never get another phone call about the yearbook! Mom and Dad, no more vacations where I do nothing but yearbook, much thanks for unceasing support! Marcie and Faith, thank you for your artistic eye and support during those late hours. Ann, it must have been those artichokes that kept me going — can't wait till you get back! Greg, your support was wonderful as was your ability to smile and to make me smile. Thanks for mailing things, and not helping even though it was hard. Maybe one day I'll realize you are always right, but I doubt it!

Unfortunately, in the end everything was not perfect, and after lots of cropping, typing, re-cropping, re-typing, separating, proofing, and correcting, the book did not get finished on time, as I had hoped. Changes were made this summer, after graduation, and now finally it is here! Thank you to everyone, after all, it is really your book, for without you I could not have done it.

A joyful thanks!

(I feel like I just received a Grammy Award!)

— Shore Griffith
